

WORKING WITH DATASET

UPLOADING THE DATASET

TEAM ID	PNT2022TMID08920
PROJECT NAME	Corporate Employee Attrition Analysis

UPLOADING THE DATASET:

Here, the dataset is loaded to content.

The screenshot shows the IBM Cognos Analytics with Watson interface. At the top, there is a header bar with the text 'IBM Cognos Analytics with Watson' on the left and a search bar on the right. Below the header, a progress bar is visible with the text 'Analyzing out_time.csv' and a 'Cancel Details' button. The main content area features a large 'Hello. Welcome to Cognos Analytics with Watson.' message, followed by a sub-message: 'You can get started right away by taking a look at our introduction video, product tour and Getting Started tab.' Below this, there are two buttons: 'Watch video' and 'Take a product tour'. To the right of the text, there is a 3D isometric illustration of data cubes and a server rack. Below the main content area, there is a 'Quick launch' section with four tiles: 'Upload data' (with an icon of a document and an arrow), 'Prepare data' (with an icon of a document and a gear), 'Exploration' (with an icon of a magnifying glass), and 'Present data' (with an icon of a presentation screen). Each tile contains a brief description of the corresponding functionality.
